

## Shock Wave Therapy Machine Registration Form

All Shock Wave Therapy Machines used to administer shock wave therapy to a racehorse must be registered with the Horseracing Integrity and Safety Authority (HISA).

Any HISA-registered veterinarian administering shock wave therapy to a racehorse must utilize a shock wave therapy machine that has been registered with HISA.

The use of an unregistered machine on a racehorse is a violation of HISA's rules.

Answer the following, sign below and  
EMAIL this form to [RegVet@hisaus.org](mailto:RegVet@hisaus.org).

### Machine Information:

Make: \_\_\_\_\_

Model: \_\_\_\_\_

Serial Number: \_\_\_\_\_

### Personal Information:

Veterinarian Name: \_\_\_\_\_

P Number: \_\_\_\_\_

I understand that all shock wave therapy must be performed by a veterinarian registered with HISA and that no other person, including a veterinary technician, may use this machine to administer shock wave therapy to a racehorse.

REMINDER: HISA Rule 2251(b) requires all veterinarians to report treatments electronically to the Authority within 24 hours.
